Aldbourne Nursing Home is a family-owned and managed home in the heart of a beautiful Wiltshire village. We've been providing high-quality, compassionate care for over 40 years, and treat every resident like part of our own family. We are proud to offer:

- A friendly, stable team of experienced carers and nurses
- Personalised care, including dementia support, in a cosy and comfortable setting.
- A strong sense of community and belonging, with close ties to the local village.

Our home is a place where residents feel safe, respected, and truly cared for. With low staff turnover, residents enjoy familiar faces and consistent care from people who understand their needs. We're committed to kindness, dignity and independence and are always learning and improving to provide the best care possible.

"It is so nice to be part of a privately owned facility, where it is the people and not the numbers that matter."
